**FARMER TRIED TO PAY NOTE BY TAKING IT**

Gadsden Ala, Oct 27.—E. Hodges, an aged and eccentric farmer who resides near Doxie caused a series of sensations there when he attempted to discharge an obligation by force.

Hodges carried some cotton to town and sold it. He then went to Dr. Gillispie who held a \$150 note against him and announced that he wanted to pay it off. Dr. Gillispie obligingly went through his papers and as soon as he came upon the Hodges note and brought it out to view, Hodges seized it and made a bee line for home, about two miles away.

Dr. Gillispie swore out a warrant

for Hodges charging him with larceny and Constable G. J. Williamson was sent out to the Hodges homes east

to serve the paper.

When the constable arrived and announced his purpose Hodges ran at him with a knife. Williamson drew his pistol and tried to run it as a club. Just as the fracas was about to get interesting of its own account, the Hodges family appeared and took a hand. A melee followed in which Mrs. Hodges, the wife of the note-taker, was thrown to the ground and the struggling men fell upon her breaking her arm.

Constable Williamson finally got what he wanted but soon afterwards he was notified that Mrs. Hodges had sued him for \$ 1,000 damages for personal injury.

Nelson of southport Fla., yesterday brought suit in the circuit court here for \$20,000 against the two corporations. John E. Stokes and H. Pojo Rose are attorneys for the plaintiff.

The plaintiff charges that he purchased from the Southport Lumber Company some weeks ago a can of kerosene or at least that he asked for such an article and took it home under the impression that it was gasoline but that it proved to be kerosene.

The can was taken to his home by Nelson and placed in the kitchen. Mrs. Nelson wife of the plaintiff was engaged in her house work and that an explosion occurred. The clothing of Mrs. Nelson ignited and she was burned to death.

#### WRIGGLING SIGNS.

How the Moveable Effect is Obtained in Electrical Designs.

A great many electric signs are of the moving type. Walk down most any city street after dark and you will see many illuminated signs of novel and interesting design. Here's a long red and blue snake seems to be wriggling from the street to the top of a building. On the other side a wheel is rapidly revolving below it yellow smoke is issuing in clouds from a huge brown clear. There is also a large theater sign which suddenly flashes into view only to disappear after an interval long enough to read it. It is quite startling to the ordinary pedestrian to explain the wonderful light effects. It is apparent that the light is obtained from electricity but this is about all that is understood. In such signs as where a snake seems to be wriggling along a cent causes a rat words that spell them over letter by letter and in all other similar signs the effect is produced by a mechanical device called a "shaker" which lights the tiny electric sign lamps in the order required to produce the effect. This shaker is driven by a tiny motor. The shaker is made up of a number of fingers, and each finger drops its tongue upon a metal plate that is electrically connected with a certain letter or series of letters, or in the case of the snake or rat changes with certain bulbs. The shaker is driven rapidly and in this way the snake can be speeded around its course very swiftly. When the only effect desired is a sign in which one letter is illuminated at a time the shaker becomes a much simpler device but in all cases the underlying principle is the same.—New York Tribune.

### Buggies, Runabouts & Surries.

We sell more buggies—from actual count—than any firm in South-East Alabama. Our record shows that we have sold at retail—not including wholesale—a solid carload of buggies in ONE WEEK.

#### How Do We Do This?

1st. We and our connections, buy for SIX LARGE STORES. Quantity enables us to buy right.

2nd. We have been in this business (buggies and wagons) for Twenty-five years. Experience has taught us what to buy.

3rd. We have the largest stock to select from, variety giving our customers opportunity to select any style or finish.

4th. We are exclusive dealers in Buggies, Wagons and Harness and in order to keep your future trade, Our Guarantee Is Right.

#### Wagons.

We sell the "Mitchell" and the "Tennessee," in our judgment the best, based on experience in handling every make and brand of wagons sold in this section.

We have never known of a "Mitchell Wagon" tire having to be Re-Set.

The "Tennessee," although sold at a less price, has a Guarantee that alone will sell it.

#### Harness

We are on the jobbers list in harness, having been placed there by the amount of goods bought, several years ago. This places us in position to sell at wholesale as well as retail. We would be glad to quote merchant's prices at any time and guarantee to save them money.

We believe that our Special No. 7 Single Buggy Harness is the best value ever shown in Dothan.

Come to see us in our New Quarters and make yourself thoroughly at home whether you want to buy anything or not, we will always be glad to see you.

# P. G. Threatens To Talk

I said That He Will Say Some Thing That Should be Kept in the Official Family  
AM WHO MADE GOVERNOR  
He Will Have Something to Say and the Public Will To Hear It

P. G. T. JAGGER can count his friends fewer and the man next to Governor O'Neal says the official was induced into it, but what at the present time is待定, a series of investigations on the instance of the same government aided so suddenly to come in a short time, a statement to the people of Alabama.

Mr. Bowman said this morning that these investigations may go on for two months and I will say something to you to the people of Alabama. Those who know Mr. Bowman believe his statement will be one of the most sensational events ever given to the public in the state.

Mr. Bowman gives no intimation what he will say, but there is a general impression that when he does speak he will have plenty to say and know what he is talking about.

**Battle City Spectator**  
The fact that Mr. Bowman will make a statement was noticed about three days ago. The entire city has assumed an attitude of expectancy and the Bowman statement will be awaited with interest. The general opinion that the statement of Mr. Bowman will be sensational is due to the fact that Mr. Bowman has more than one time accused of being a "king maker" as far as the present governor of Alabama is concerned. It is known that P. G. Bowman was the best man to the governor at the time this official took office and it is also known that Mr. Bowman is more than any other man in the state responsible for the election of the present governor of Alabama.

**Reversed Conditions**  
One of the men now active identified with state politics and who now friendly to the governor is making a effort to get another seat in the race at the time Mr. Bowman and Mr. Stellings announced their candidacy of Mr. O'Neal. It currently rumored at the time Mr. Bowman and Mr. Stellings sat on their announcement of O'Neal's candidacy, although it were made by men now friend to the governor to have them draw the cordial. It was stated that Mrs. P. G. Bowman and Mrs. Stellings told each other that Edmund was in the race to try and another man could not be up. It would result in the election of O'Neal.

When those men friendly to the governor and Mr. Bowman influence with realized that Mr. Bowman was going to back O'Neal's candidacy they withdrew from Mr. O'Neal. In these conditions has caused people to believe that Edmund was more than any other man responsible for Mr. O'Neal's victory. Since his introduction the charges have recurred and now Governor is having Mr. Bowman his actions thoroughly investigated. Most of the people of the county believe Mr. Bowman is much concerning on the side of the new fighters, Jim and John.

Announcement that Mr. Bowman will make a statement of his interest to the public on probable contents of the speech than on his feelings may be held until closer to the time. The public has no right to know or to know what it is that

# ACCURACY IN ADVERTISING.

While the country is filled with spurious patent medicine—circus style advertising, we feel its timely to say a word about our store news as it appears in the press. We say with the full appreciation of its meaning—that we put as much thought and preparation in our advertising as we do in any branch of our business; that we feel as sacredly bound to carry out every promise made over our signature in an advertisement as we feel in fulfilling any obligation made by us. There are no tricks tolerated here, everybody treated alike, exchanges pleasantly made, money back if you want it, and our one inflexible rule is one price to all alike. This one price must at all times be as low as like quality can be bought anywhere in the United States.
